Words and music by Shaun Groves

Send the armies and darkest hours
Every flag, every sword and power
I will never turn
I will never turn
No, no, I will never turn from You
Take the lives of our sons and daughters
Lead me out like a lamb to slaughter
I will never turn
I will never turn
No, no, I will never turn from you

Chorus:

Only your name's on my soul
Only your cross left to hold
Only your love's in my veins
Only for your fame

Let a kiss from the world seduce me
Warm my skin with a touch (and) confuse me
I will never turn
I will never turn
No, no, I will never turn from You

Chorus

Bridge x3:

I'm not giving in
Not selling out
Not giving up
Not bowing down

Chorus

Leave me lonely abused and battered
All the pieces of my world scattered
I will never turn
I will never turn
No, no I will never turn from You
